LIGHTS CARRY 5 TO 1

EVERY WARD IN CITY GIVES MAJORITY FOR CONTRACT

753 VOTES WERE CAST

Council in Adjourned Session Canvassed Ballots and Orders Extension of Tax on This Year's Tax Books.

The Light Vote.

	For	Against
First Ward	132	17
Second Ward	142	21
Third Ward	170	18
Fourth Ward	190	63
	634	119
Majority for the lights		515

And the people said, let there be light.

With a two-thirds majority necessary to vote a special tax under the light contract between the city and the electric light company, Maryville went one better in yesterday's election and gave a five to one majority in its favor. Every ward in the city gave good majorities for lights, even the "solid fourth" falling into line and putting over a big vote for it.

The largest vote ever cast in an election where politics did not figure was shown in the returns with 753 ballots having been deposited. It was the old Maryville spirit of 'do things,' that re-awakened, will keep Maryville ahead in every matter of civic endeavor and make it the best town in the state to live in and do business in.

A big factor in the election was the work done by the Commercial Club, whose members, splendidly organized, conducted a campaign of publicity and information, that found its result in a larger majority than was expected. Scores of public spirited citizens, including ministers, were at the polls all day working for the city's interests.

Following the closing of the polls the city council met in adjourned session and canvassed the vote and formally put the contract with the light company in operation. Provision was also made for extension of the tax on this year's tax books in order that the revenue may be available at once.

The same number of lights as are at present in use will be continued subject to such orders as may come from the fuel administration, and orders for two lightless nights a week being expected to be in effect next week.

SCHOOLS WILL NOT CLOSE YET

With But Nine Cases of Influenza Reported, City Health Board Decided an Emergency Does Not Exist.

The spread of Spanish influenza in Maryville has not reached the stage where it is necessary to close the schools and public places of amusement. This decision was arrived at at a meeting last night of the city health board and members of the school board. The meeting at the city hall was attended by Mayor W. O. Garrett, City Physician F. M. Ryan, Chief of Police Purl Edwards, Superintendent of schools J. M. McDonald and Dr. Jesse Miller and L. C. Cook, members of the school board.

It was shown that only a few cases of influenza had developed in the schools and that teachers were using every possible means to instruct the pupils in preventing its spread and in a strict observance of health laws both at school and at home.

Dr. Ryan, city physician, stated this morning that nine cases were now under quarantine and that while there had been no considerable spread of the disease as yet, it might show a rapid development within a short time. It was hard to forecast, he pointed out, just what turn it would take and that twenty-four hours might see a radical change in the present conditions.

MUST SPEED LOAN

POLK TOWNSHIP QUOTA IS 50 PER CENT SUBSCRIBED

OTHER TWPSHPS REPORT

Union Still Lacks 25 Per Cent of Reaching Goal.—Monroe Is Short $2,000. Three Others "in Sight."

With but three days in which to put Nodaway over the top in the Fourth Liberty Loan there is still a long way to go before the full quota is in sight and unless there is a larger response to the appeal of the government this county will not have done its full share.

Monroe township reported this morning that they were within $2,000 of their quota and were still at work.

Jackson township with returns not yet complete reported that they were in sight of the goal. "You can tell the world Jackson township will raise her full quota," said township chairman, J. S. Casteel, this morning.

Washington township reported they had secured their quota of $60,700. "There is not a school district in the county that can't be put over the top if we go at it right," said Carl Wray in speaking of the campaign in that township today.

Hopkins reported to Chairman Pierce this morning that they were nearing their goal of $75,900 and would have the amount within a few hours.

Polk township with a quota of $296,600 has just gotten past the half way mark, about $150,000 having been reported by the solicitors. "Polk hasn't done what it should yet," said chairman Pierce, "and there will have to be some hard work done. Those who have not subscribed must be made to see their obligation and those who have already subscribed will have to subscribe more. Polk township should have been the first over the top and we owe it to the rest of the county to see that it is done.

Union township reported their quota only about seventy-five per cent subscribed in the first canvass. These with the two or three townships previously reported are the only ones to indicate their standing.

Along with the Tenth Federal Reserve District that must fill its quota Nodaway county must also bear its share and each township must feel its obligation in doing its full part. There must be no slacker townships, just as there must be no slacker individuals.

The executive committee will call in the various township committees in all townships where the quota has not been reached on the first canvass and ways and means will be devised to put that township over. The Union township committee was called in today by Chairman Pierce and are this afternoon in session with the executive committee in an endeavor to get such action as will secure their quota.

RYAN NAMED CITY PHYSICIAN

Council Confirms Mayor's Appointment To Fill Place Left Vacant by Dr. Dean.—Ordinance Passed.

Following the business of the city council last night of canvassing the votes cast in yesterday's light election and preparing the records, an ordinance was introduced and passed enlarging the powers of the board of health in giving the mayor authority in the event of an epidemic to close the schools, picture shows and prohibiting the assembling of crowds. The ordinance was the result of expectation of an emergency in the present epidemic of Spanish influenza which is spreading over the country, and which may necessitate dractic measures here.

The office of city physician L. E. Dean, being vacant on account of his being in the service, Mayor W. O. Garrett presented the name of Dr. F. M. Ryan to become city physician, the council confirming the appointment.

Cooper Gooden, appointed recently as dog enumerator and poll tax collector, was dropped from the city pay roll.

Returns to St. Joseph.

Miss Fannie Mae Heflin returned to he rhome in St. Joseph this morning after a visit in Maryville with her aunt, Mrs. H. C. Smith and family.

To Louisiana on Business.

J. A. Ford left this morning on a few days business trip to New Orleans and other southern places.

IS GIVEN MILITARY BURIAL

Home Guard Escort at Funeral of Julius Strueby of Conception, Held This Morning.

Funeral services for Julius Strueby of Conception, who died Sunday at Fort Riley, Kan., were held at 10 o'clock this morning at Conception Abbey.

A funeral escort from the Maryville Home Guards composed of Solon Clark, Will Donahue, Bernard Dougan, Ben Chandler and Steve Donahue, went to attend the funeral and give salute.

The body was interred in St. Columbia cemetery. The young man had been in training at Fort Riley for about six weeks.

FOLLOWS OUR PLAN

KANSAS CITY LIBERTY LOAN COM. TO MAKE "SLACKER" DRIVE

AN "EQUALIZING" BOARD

Method Adopted Here in Publishing Names of "Slackers" Meets with Highest Approval of Gov't.

It looks as if the Kansas City Liberty Loan Organization has adopted a plan for their Fourth Liberty Loan Drive which is copied almost bodily from the plan followed by the Liberty Loan Committee of Nodaway county during the Third Liberty Loan Campaign and again during the present drive for the Fourth Liberty Loan.

In today's Kansas City Times and Journal are news articles announcing that the Liberty Loan Committee in Kansas City will make public the names and addresses of persons financially able to purchase liberty bonds who have failed to do so either as an investment or as a patriotic duty.

Further following the Nodaway county plan the Liberty Loan Committee in Kansas City has appointed an "Equalization Committee" to pass upon the subscriptions made, and to deal with individuals who fail to subscribe at all. It is the business of this Equalization Committee to adjust and equalize all subscriptions so as to bring them up to the average of the subscriptions from persons in similar circumstances and to issue a "second and last call" to non-subscribers.

In today's issue of the Kansas City Times and Journal also appear full page advertisements referring to certain business houses and individuals in Kansas City by description, without naming them, and further giving the quota of bonds allotted to each and the actual subscription made by each thus far. In these advertisements the question is asked in glaring type, "SHALL THE NAMES BE PUBLISHED?"

The fact that the Nodaway County Liberty Loan Organization had an Equalization Committee during the Third Liberty Loan whose duties were identical with those above mentioned, and the further fact that the Kansas City organization has just created such a committee bearing exactly the same name and giving exactly the same duties, make it appear almost certain that their plan has been copied from one followed in Nodaway County. This plan met with the highest approval of the Government authorities, and has probably been by them suggested to the local Kansas City Committee.

SCOUTS GIVE SKATING PARTY

Have Invited Their Girl Friends Tomorrow Night to an Evening at Scout Headquarters.

Members of troops 1 and 2 Maryville Boy Scouts will entertain their girl friends tomorrow evening at Scout headquarters with a skating party. The Scouts have invited their sisters and sweethearts. The event will be a final round-up for an active canvass Saturday for the Fourth Liberty Loan and every Scout will be expected to do his part in making the organization 100 per cent efficient. A number of the Scouts are already at work and have reported a considerable number of subscriptions taken. "Every Scout Working," is the slogan for the boys.

Tomorrow evening the girls have been invited to bring their skates and spend an hour or two on the floor. Only Scouts will be permitted to have the privilege of the floor. All young ladies who have skates will be welcome, whether coming with a Scout or not.

HAS KAISER ABDICATED?

PERSISTENT RUMORS ARE REACHING STOCKHOLM THAT HUN WAR LORD HAS QUIT

HUN ARMY BREAKING

BERLIN BELIEVED TO BE AWARE OF SLOWLY DISINTEGRATING MILITARY ORGANIZATION

AUSTRIA IN CONFUSION

German Newspapers No Longer Conceal the Fact That Austria-Hungary Is Being Torn Asunder With Political Discord.

London, Oct. 10.—Reports are current that a coup d'etat is likely in Germany in case the latest peace move fails, according to a Central News dispatch from Rome. The end of the rule of the Honhenzollerns and the possible establishment of a republic in Germany is predicted to follow a failure of the peace effort.

London, Oct. 10.—Persistent rumors are reaching Stockholm to the effect that the Kaiser has abdicated, according to a dispatch to the Post. Serious disturbances are occuring in Berlin and other German cities, the dispatch adds. For several weeks there have been rumors current in neutral countries near Germany that the Kaiser had signified his intention of abdicating. These were coupled with the unconfirmed reports of internal discord in Germany of the gravest proportions. On September 17 last rumors that the Kaiser had abdicated, or was about to take such action, reached official circles in London and the International News Service carried dispatches from its London correspondent on that date telling of the reports.

London, Oct. 10.—German newspapers no longer conceal the fact that Austria-Hungary is breaking said an Exchange Telegraph dispatch.

Washington, Oct. 10.—Rumors that General Ludendorff had suffered a complete mental collapse and had been compelled to relinquish command of the army and that Germany was now making overtures to the Czecho-Slavic government reached the state department from representatives of neutral countries. The rumor was made public without comment. Regarding the rumors that the Kaiser had abdicated, the department had no information. Generally speaking officials were inclined to discredit the reports.

Copenhagen, Oct. 10.—Absolute political confusion prevails in Austria according to telegrams received today from Vienna and Budapest.

Washington, Oct. 10.—Germany's plea for an armistice is founded, both American and Allied military officers here believe, upon recognition in Berlin of the fact that the German army organization in France is slowly disintegrating under the terrific campaign of Marshal Foch.

These officers believe the move of the German chancellor is a desperate eleventh hour attempt to escape serious military disaster and they would not be surprised if President Wilson's condition that there can be no talk of an armistice except when coupled with agreement to withdraw immediately from all invaded territory were promptly accepted.

YANKS KEEP UP GAINS

AFTER SMASHING FAMOUS KRIEMHILDE LINE HUNS FORCED FROM ARGONNE FOREST

ATTACK ANEW IN FOG

AMERICANS ARE OVER 3 MILES IN ADVANCE OF THE POSITIONS CAPTURED YESTERDAY

BRITISH DRIVE AHEAD

On Cambrai Front They Are Now Within Two Miles of German Stronghold at Lecateau.

With the Americans in Champagne, Oct. 10.—Following smashing of the vaunted Kriemhilde line by the American forces on the Champagne-Meuse front, the Germans have been forced to evacuate Argonne forest and it is reported today they would attempt to make a stand just south of Gradpre. The German left flank south of Gradpre already is menaced by the American advance on the Somme-Ranc-Romagne road. A new attack was delivered this morning against the Kriemhilde system of defense, the Americans attacking through a thick fog.

With the Americans Northwest of Verdun, Oct. 10.—American patrols are approaching Sipry-sur-Meuse nearly 3 miles in advance of positions they captured Tuesday.

London, Oct. 10.—The British that drove through Cambrai yesterday have reached a point within two miles of the German stronghold of Lecateau, the war office announced.

With the Americans Northwest of Verdun, Oct. 10.—All the gains made by the American when they smashed through the famous Kriemhilde line were maintained today. The new positions have been consolidated and now the Americans hold an important position at Dame Marie dominating the Romagne valley beyond.

With the British in Cambrai-St. Quentin Front, Oct. 10.—At least thirty German divisions are in the actual fighting on this front. Vast stores of war material have been captured. German prisoners who have been taken by the British believe that the war is almost over.

London, Oct. 10.—The Serbians advancing northward have entered Leskovatz and Vlastintz, the Serbian war office announced.

London, Oct. 10.—Beirut on the coast of Palestine, has been captured by General Allenby's British army, it was announced officially this afternoon. The total number of prisoners taken by the British in the Holy Land has reached 75,000. Beirut was occupied October 8.

THE WILSON PEACE TERMS

Chancellor Maximilian Must Accept These Fourteen Proposals First of All.

Washington, Oct. 10.—President Wilson's program of world peace stated in fourteen terms in his address to Congress last January 8, and which the German chancellor now is asked to say whether he accepts without qualification before the President replies to the latest peace proposals, is as follows:

1. Open covenants of peace, openly arrived at, after which there shall be no private international understanding of any kind, but diplomacy shall proceed always frankly and in the public view.

2. Absolute freedom on navigation upon the seas, outside territorial waters, alike in peace and in war, except as the seas may be closed in whole or in part by international action for the enforcement of international covenants.

3. The removal, so far as possible, of all economic barriers and the establishment of an equality of trade conditions among all nations consenting to the peace and associating themselves for its maintenance.

4. Adequate guarantees given and taken that national armaments will be reduced to the lowest point consistent with domestic safety.

5. A free open minded and absolutely impartial adjustment of all colonial claims, based upon a strict observance of the principle that in determining all such questions of sovereignty the interests of the populations concerned must have equal weight with the equitable claims of the government whose title is to be determined.

6. The evacuation of all Russian territory and such a settlement of all questions affecting Russia as will secure the best and freest co-operation of the other nations of the world in obtaining for her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy and assure her of a sincere welcome into the society of free nations under institutions of her own choosing; and, more than a welcome, assistance also of every kind that she may need and may herself desire. The treatment accorded Russia by her sister nations in the months to come will be the acid test of their good will, of their comprehension of her needs, as distinguished from their own interests and of their intelligent and unselfish sympathy.

7. Belgium, the whole world will agree, must be evacuated and restored without any attempt to limit the sovereignty which she enjoys in common with all the other free nations. No other single act will serve as this will serve to restore confidence among the nations in the laws which they themselves have set and determined for the government of their relations with one another. Without this healing act the whole structure and validity of international law is forever impaired.

8. All French territory should be freed and the invaded portions restored and the wrong done to France by Prussia in 1871 in the matter of Alsace-Lorraine, which has unsettled the peace of the world for nearly fifty years, should be righted, in order that peace may once more be made secure in the interest of all.

9. A readjustment of the frontiers of Italy should be effected along clearly recognizable lines of nationality.

10. The peoples of Austria-Hungary, whose place among nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development.

11. Rumania, Serbia and Montenegro should be evacuated; occupied territories restored; Serbia accorded free and secure access to the sea, and the relations of the several Balkan states to one another determined by friendly counsel along historically established lines of allegiance and nationality; and international guarantees of the political and economic independence and territorial integrity of the several Balkan states should be entered into.

12. The Turkish portions of the present Ottoman empire should be assured a secure sovereignty, but the other nationalities which are now under Turkish rule should be assured an undoubted security of life and an absolutely unmolested opportunity of autonomous development, and the Dardanelles should be permanently opened as a free passage to the ships and commerce of all nations under international guarantees.

13. An independent Polish state should be erected, which should include the territories inhabited by indisputably Polish populations, which should be assured a free and secure access to the sea, and whose political and economic independence and territorial integrity should be guaranteed by international covenant.

14. A general association of nations must be formed under specific covenants for the purpose of affording mutual guarantees of political independence and territorial integrity to great and small states alike.

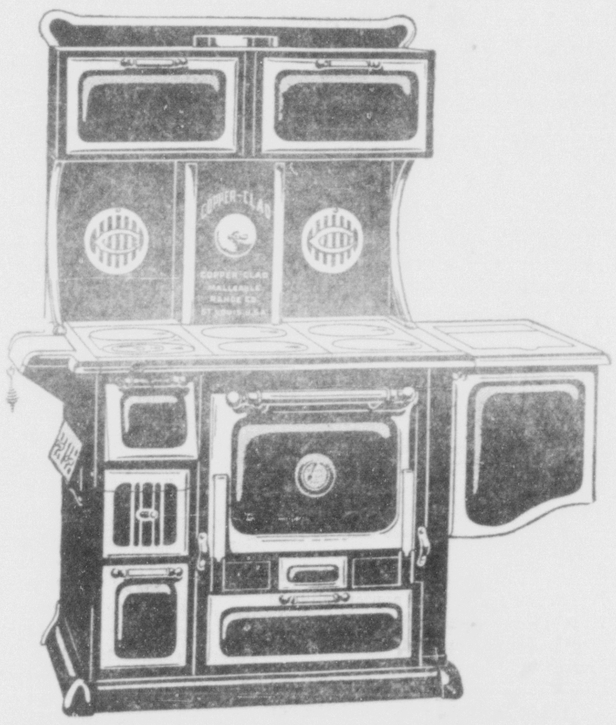
The Range Beautiful

The strikingly beautiful outlines of the Copper-Clad Range stops every woman. As she looks and admires, she finds that it is true beauty—the beauty of simple elegance and perfect proportions—of fine finish—the thoroughbred of the Range World.

Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors, yet not a hinge in sight, not a catch, nor hook, nor latch. Built like fine automobiles, the hinges are all inside.

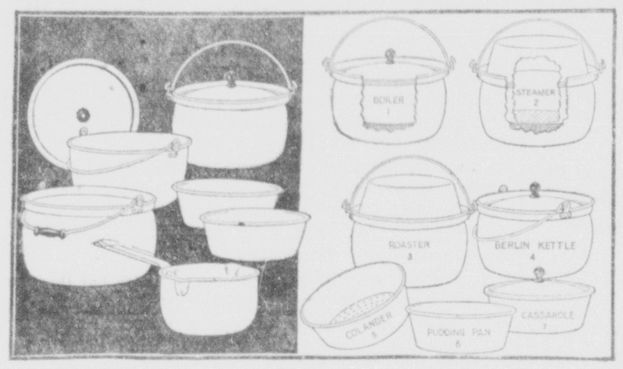


"Copper-Clad" Means

A sheet of pure Copper is placed BETWEEN the sweaty asbestos and range body. To place it elsewhere would be like climbing on top of a roof to get out of the wet.

$10 Worth of Fine Aluminum Ware FREE

If You Buy a Copper-Clad Range Next Week



"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

Free to every Copper-Clad buyer during this sale. Come—See the Asbestos Sweat.

COPPER-CLAD WEEK

Next Week, October 14th to 19th

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos Sweat.

He takes any piece of asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your finger.

Every good range must be lined with asbestos to cage and hold the heat around the oven and keep down fuel cost. Every time the range cools off, the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust ruins thousands and thousands of otherwise good ranges every year. When the body is gone, the range is done for.

THE COPPER-CLAD IDEA IS "A SHEET OF PURE COPPER BETWEEN THE ASBESTOS AND RANGE BODY."

Copper never rusts. It may tarnish but it will last for centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out," we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to skin your hands. The Copper-Clad wipes clean like a dish.

If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

ELMER DICK WRITES

Son of Mr. and Mrs. John Dick, Living East of the City Recently Arrived Over There.

France, Sept. 10.

Dear Mother: I will drop you a few lines as this is the first chance I have had to get any writing paper. This leaves me feeling fine. This is a nice country but it is far behind the U. S. All the houses are made of stone, you never see a wooden building here. We had a nice trip across the pond, we never saw anything that looked like a submarine. There was only one or two seasick and I stood it fine. This is an awfully cut up country. It is divided into small farms of about an acre or two and they all have a fence made out of dirt thrown up three or four feet and black berry vines planted on all of them. This country is sure alive with blackberries They have fine roads every where you go. The railroads are built good but the trains they run over them are odd looking. It may be quite a bit between letters from me but I will write as often as I can and when I return home some time, I will tell more. Do not wait on me to write as you have a better chance to write than I do. * *

With love to all, Your son,

PHONES—OFFICE 42. HOME 683

Standard Bearers to Meet.

The Standard Bearers of the First Methodist church will meet Friday night with Miss Gladys Sewell, 1003 North Main street.

Entertains Wednesday Club.

Mrs. Harold Bellows entertained the Wednesday afternoon bridge club yesterday at Westlawn, the Bellows country home. The guests other than the members were Mrs. Faye Bellows and Mrs. A. N. Somerville.

To Have Hallowe'en Party.

The annual Hallowe'en party of the Business Girls' League will be held Monday night in the Methodist church South. The affair will be a costume and tacky party and all the details will savor of Hallowe'en night.

Red Cross Instructors to Meet Saturday.

Mrs. Norman Chamberlain, chairman of the Red Cross surgical dressings for Polk township, requests that all township instructors meet at the rooms in the library at 2 o'clock Saturday afternoon to take instructions on the making of the new quota of work which has just been received.

Gives Dinner Complimentary to House Guest.

Mr. and Mrs. John Wesley Herren entertained guests at dinner yesterday noon complimentary to Mr. Herren's sister, Mrs. A. H. Karnes of Fairfield, Ia., who is visiting at their home. The guests were Mrs. Karnes, Mrs. Martha Speck, Mrs. W. R. Jones and Miss Mollie Jones, of Denver, Colo., who are visiting old friends in the city.

Suttle-Barrett.

Floyd R. Barrett of Skidmore and Miss O'Calla Suttle, living near Burlington Junction, were married September 30, at Jackson, Mo. They have recently arrived in Skidmore and for the present will be at home with the groom's parents, the Rev. and Mrs. Reuben Barrett. Mr. Barrett and his brother, Fred, have been engaged in farming near Skidmore for some time. He has given up his work and with his bride will visit the home folks until he enters military service.

Gives Dinner for Des Moines Guest.

Mr. and Mrs. Alfred Crater, living near Ravenwood, entertained with a dinner party yesterday noon complimentary to their house guest, Mrs. Beaufort Fengal of Des Moines, Iowa. The guests were Mrs. Fengal, Mr. and Mrs. Taylor Crater, Mrs. Howard Beedle and Mrs. David Crater. Mrs. Fengal will spend a time visiting the Crater families.

Amoma Class Entertains for Departing Members.

The Amoma class of the First Baptist Sunday School will give a class party tonight at the church as a farewell gathering for their teacher, Mrs. Eugene Ogden, and one of their members, Miss Cora Young, both of whom are expecting to spend the winter away from Maryville. The evening will be spent in an informal social way.

Federation Club Meeting Called Off.

The first district federation of clubs convention planned to open today at Bethany has been called off on account of the general epidemic of influenza. Mrs. M. G. Tate, district president who went to Bethany yesterday to assist in preparation, telegraphed Mrs. Ed G. Orear, district chairman of reciprocity to notify all delegates here. Other districts who had announced meetings for this week and next have cancelled the dates for a similar reason.

Denver Guests Depart for Boston.

Mr. and Mrs. J. F. Montgomery gave a dinner at noon today entertaining in honor of Mr. and Mrs. Charles Middleby of Denver, Colo. The additional guests were Mr. and Mrs. Will J. Montgomery and Mr. and Mrs. Lawrence Ogden. Mr. and Mrs. Middleby left this afternoon to continue their journey to Boston, where they are enroute on a honeymoon trip. They were accompanied as far as St. Joseph by Mr. and Mrs. W. J. Montgomery.

Gives Kensington Tea at Westlawn.

Mrs. Harold Hounold Bellows entertained the H. E. L. M. club with a Kensington tea this afternoon at Westlawn her home southwest of the city. The guests were Mrs. John W. Herren and her guest, Mrs. A. H. Karnes of Fairfield, Ia.; Mrs. W. C. Ellison, Mrs. Ike Thomas Pryor, Mrs. J. R. Brink, Mrs. R. L McDougal, Mrs G. L Wilfley, Mrs. R. P. Hosmer, Miss Marjorie and Miss Geneva Wilfley, and Mrs. W. R. Jones and Miss Mollie Jones of Denver, Colo. This club, outside of the visiting guests is composed of a bunch of close friends who have enjoyed these social afternoons together as a club for a number of years.

Penelopes Enjoy Afternoon.

The Penelope club spent a delightful social afternoon yesterday at the home of Mrs. Dan R. Baker on West Third street. This was the first social afternoon of the year as the club has practically discontinued purely social affairs to do Red Cross work. New officers were elected for the year and those chosen were Mrs. J. P. Price, president; Mrs. R. H. Duncan, vice president; Mrs. W. O. Garrett, secretary and treasurer. During war times the club has also discontinued serving refreshments but the rule was waived for this occasion and Mrs. Baker served tea.

What a $50 Bond Will Buy.

For example—an outfit for administering ether. You will want "Somebody's Boy" to have an anesthetic when they take out the bullet. Your money will buy it.

For the boy who stands, night and day, in a trench—mud and water to the knees—your money will buy boots.

For somebody's hungry boy it will buy food; it will give him arms to defend himself, a sword to strike for freedom.

Above all, remember, he gives twice who gives quickly. There is "aid and comfort to the enemy" in each day's delay, while every Bond sold brings nearer the hour of Victory with righteous Peace.

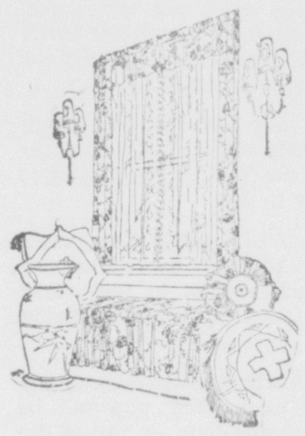
Home Craft Week

THIS WEEK has been set aside for the special showing of furnishings for beautifying the home.

More time will be spent in the home during the winter months—therefore, you should do your utmost to have the home more attractive than at any other time.

We have collected and now have on display for this Home Craft Week very unusual assortment of Rugs, Window Laces, Draperies, Shades, Linoleums, Curtains, Couch Covers, Wall Papers and other things that help to make the home attractive. A most complete stock in all lines awaits your inspection. Come now and make your selections.



Windows Tell Tales

To every passerby your windows proclaim your personality. The delicate lacy nets and draperies which we are now displaying proclaim individuality, style-judgment and taste that will impress the most critical. Dark houses, like dark days, are depressing. Health and happiness go hand in hand with light and air. That is why lace is the finest window covering—it lets in the air and light and acts as a veil to your home.

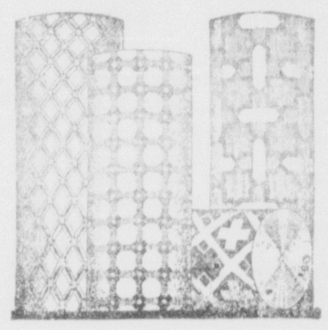
See our beautiful showing of lace nets at the yard.....40c to $1.50

Dainty lace curtains in plain and figured effects, white, ivory and ecru, at the pair.....$1.00 to $10.00

Elegant draperies of madras, mohair and Persian Silk in fall and winter tones, at the yard.....60c to $2.25

Big assortment of Colonial Cretonnes in new designs and colors at the yard.....35c to $1.50

Chair Cushions covered with cretonne, cotton padded, various colors and patterns, at each.....79c



LINOLEUMS

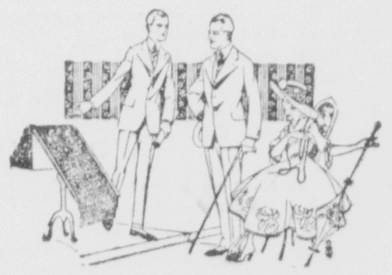
We have a very good assortment of patterns in both 6 ft. wide and 12 ft. wide linoleums for you to choose from. This is another item that should command your attention—linoleums are scarce and difficult to secure, especially the 12 ft. width. If you will need linoleum in the near future it will pay you to supply that need now.

RUGS! RUGS!! RUGS!!!

Our present assortment of rugs offers an opportunity that should be of more than passing interest. By big advance purchases from the leading manufacturers we have collected patterns and qualities that we could not possibly secure now. Not only are the rugs steadily advancing in price, but the variety of patterns has been reduced to a minimum—many of the beautiful designs we now have cannot be replaced. It is really worth while for you to anticipate your rug wants now. Our stock comprises the various weights of Axminster, Velvet, Brussels, Wiltons, Wool and Fibre, Ingrains, Rag and Grass Rugs.

We specialize on room size rugs and can fit almost any size room from our regular stock. These sizes are carried in stock: 12x15 ft., 11-3x15 ft., 11-3x13-6, 10-6x13-6, 11-3x12, 10-6x12, 9x12, 8-3x10-6, 7-6x9, 6x9, 4-6x7-6, 3x6 ft. and 27x54 inch.

WALL PAPERS



Many will want to brighten up their walls for the winter season. If you expect to do this it is time that you make your selections and arrange for the work before the bad weather sets in.

Never before in the fall season have we shown such an extensive assortment of wall papers as now. You can get paper for any room in the house and at very reasonable prices. Rich colorings and beautiful designs in various qualities are here in abundance.

Exceptional assortments are now being shown at the roll 15c, 20c 25c, 35c and 50c.

Visit the Home Furnishings Department during this Home Craft Week, whether you wish to buy at present or not—we count it a privilege to have an opportunity to show you.

RENEWED TESTIMONY.

No one in Maryville who suffers backache, headaches, or distressing urinary ills can afford to ignore this Maryville woman's twice-told story. It is confirmed testimony that no Maryville resident can doubt.

Mrs. A. Weidman, 409 E. Thompson St., says: "I had pains through my kidneys and my kidneys acted irregularly. These symptoms were always worse when there was a change in the weather or when I took cold. I used different medicines, but without benefit and I despaired of ever getting better. Doan's Kidney Pills were finally recommended to me and I got some at Love & Gaugh's Drug store. In less than a month I was entirely free from the trouble." (Statement given September 19, 1908).

On June 12, 1916, Mrs. Weidman said: "It hasn't been necessary for me to use anything for my kidneys for some time. I think Doan's are the best kidney medicine made and words can't express my high regard for them."

Ice Boxes on Wheels

Refrigerator cars for carrying meat are ice boxes traveling on wheels.

Most people in America would have to go without fresh meat, or would have to pay more for what they could get, if it were not for these traveling ice boxes.

Gustavus F. Swift, the first Swift in the packing industry, saw the need of these traveling ice boxes before others.

He asked the railroads to build them. The railroads refused. They were equipped, and preferred to haul cattle rather than dressed beef.

So Gustavus F. Swift had to make the cars himself. The first one was a box car rigged up to hold ice. Now there are 7,000 Swift refrigerator cars. Each one is as fine an ice box as you have in your home.

Day and night, fair weather and foul, through heat and cold, these 7,000 cars go rolling up and down the country, keeping meat just right, on its way to you.

Thus another phase of Swift & Company's activities has grown to meet a need no one else could or would supply, in way that matched Swift & Company ideas of being useful.

When you see one of these Swift & Company cars in a train, or on a siding, you will be reminded of what is being done for you as the fruit of experience and a desire to serve.

Swift & Company, U. S. A.

Fell Into Boiling Metal.

A workman engaged in casting metal for the manufacture of ordnance in Woolwich arsenal, a few years ago, lost his balance, and fell into caludron containing twelve tons of molten metal. The man was utterly consumed in a few seconds. The war office authorities decided not to profane the dead by using the metal in the manufacture of ordnance, and the mass of metal was actually buried, and a Church of England clergyman read the service for the dead over it.

GIVE $20,000 IN PREMIUMS

Magnificent Trophies Also Will Go to Winners at American Royal Live Stock Show.

Premiums at the American Royal Livestock Show at Kansas City, Mo., November 16 to 23, aggregate more than $20,000 and this does not include the many handsome silver trophies that go as special awards, nor does it cover the Hoover-Yancey special prizes given by the United States Food Administration to encourage the production of war beef.

The three beef breeds represented in the show will bring out a large number of entries from all over the country, every section of the cattle producing areas of the United States being represented in the big showing of the best types of pure bred beef cattle.

More than 1,000 fine pure bred cattle will be shown in the different classes, and the placing of awards will be done by the most able judges that it is possible to secure in North America. The number of beef cattle to be shown at the American Royal this year will be far in excess of the number shown in any previous year, indicating the intense interest that is being shown in producing more and better beef in the great Southwest at this time, and this production is in the interest of rationing a victorious army that has turned the tide of world events because well fed and well clothed. Nothing can stand before such men as have gone from the great Southwest and nothing can stand before such soldiers as Uncle Sam has sent abroad and whom he has fed and rationed with such zealous care calling for the best beef and other foods that the nation produces as the ration for these men.

GASOLINE AND PATRIOTISM.

If any one were inclined to question the patriotism of the American people, it would only be necessary for him to spend a few minutes on the streets of New York or any other eastern city on one of these gasless Sunday mornings to be convinced as to the utter groundlessness of his skepticism, for there is absolutely nothing to be seen in the shape of conveyances, except baby carriages, street cars and a few antiquated vehicles drawn by quadrupeds of an almost forgotten species, says a Welfare League Bulletin. This is true, notwithstanding the millions of automobiles for which our people have paid billions of dollars, having in mind primarily the fact that their possession would enable them to spend the one weekly holiday healthfully and pleasurably in the open air of the country. While there is no federal statute covering the matter, the observance of the government's request has been so complete that more than 21,000,000 gallons of gasoline have already been saved in this manner for the war requirements of the government.

Bond Subscribers are Buying.

We have nearly two million men in France.

Every subscriber to the Liberty Loan helped send them there.

For artillery, automatic rifles, and small arms, and for ammunition for them, we have spent over $6,700,000,000.

Every Liberty Loan subscriber helps to arm our soldiers.

We have spent over $120,000,000 just for staple supplies for our army, such as flour, bacon, rice, etc.

Every subscriber to the Liberty Loan helps feed our soldiers.

We have spent over $500,000,000 to clothe our soldiers.

Every subscriber to the Liberty Loan has had a part in this care of the Americans who are fighting in France.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight.

Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.
